BUSINESS ITEMS (To be Discussed and/or Voted On):

- PROPOSAL UPDATE

Next year has been approved

- SAGE PROGRESS DISCUSSION

Testing should be complete by next Wednesday 25,2016.

Some preliminary data available now. Detailed results with concepts should be available from state in July.

Considerations for next year's improvement plan include changing curriculum specifically in math and possibly science, using a different scheduling option (modified block vs. traditional block), and providing professional development for teachers for "unpacking" the core.

- FUTURE DEADLINES

We will use preliminary data if we need to determine things before final results are available.

Next meeting scheduled for Tuesday, September 13, 2016
