

School-wide Plan

Mission:

Our mission is to empower our students to excel in college and careers with exceptional math, science, and leadership skills, inspired by music and a passion for learning.

Vision:

To be highly regarded for academic excellence and contributions to our community through service and innovation.

School-wide Plan:

Vanguard uses both state and federal funding to support programs that address the needs of our students and teachers. Primary focus is put on helping students achieve proficiency and growth in academic subjects. Students and parents work together with Academic Advisors during College and Career Readiness Planning meetings (CCRP) to identify academic pathways and create/update graduation plan summaries (GPS). Progress is monitored to help students be successful in their chosen path towards graduation.

To aid our students in achieving their goals, Vanguard seeks to provide access to current technology, resources, and highly qualified teachers and paraprofessionals. Teachers and staff members attend professional development to develop and improve their skills. Programs such as AVID and Love and Logic are used and trained on throughout the building.
