

9.5 STUDENT SUPERVISION

Students should be supervised at all times. No students are allowed in closets or storage rooms. Staff members should never leave students unattended and without the supervision of a paid school employee or a school volunteer who has been fingerprinted and has had a background check. No teacher or staff member should be alone in a classroom with one or a small group of students without an open door. School administrators and/or counselors, who are meeting with students conducting school business, may be alone with the door closed only if the room has an uncovered window.
